

HINGED DOOR

SG SERIES

Hinged doors are available as Open-In or Open-Out, single-panel or French doors, & couple neatly with either 100 or 65mm frames to create sidelite or highlite windows

Twin point locks are standard, whilst handle choices are 'Summit' or 'Aria' (right), in either black or brushed silver.

An internal snib makes for quick & easy security

Co-extruded santroprene seals ensure efficient weatherproofing, & resist shrinkage over time

Glass is installed into vinyl sided rebates, ensuring vibration free glazing. A wide selection of high performance glass types can be specified within the SG Series. These include body tints, super tints & a range of laminated glass up to 6.76mm in thickness

Primed reveals offer a smooth substrate for internal painting. These can be replaced with an aluminium section for a more 'commercial' appearance
